Information Security Policy Statement

3XPER Innoventure Limited (3XPER) is committed to efficient business operations and strong information security. As a **Contract Development and Manufacturing Organization (CDMO),** we aim to lead the industry by:

- Protecting customer data from unauthorized access
- Ensuring information remains accurate and secure
- Meeting the needs of all stakeholders
- Staying updated with technological advancements
- Making critical information accessible to authorized personnel
- Maintaining business continuity through proactive planning
- Investigating and addressing security breaches
- Committing to comply with all relevant legal and contractual requirements including protection of intellectual property rights

Our policy is dynamic and includes a commitment to continual improvement of the information security management system through a process of incident reporting, risk assessment and regular audits.

This policy statement outlines a framework for setting and evaluating information security objectives and will be communicated to the public and relevant stakeholders via our website and upon request.
